

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
SAN FRANCISCO BAY REGION

ORDER 99-039

**AMENDMENT OF WASTE DISCHARGE REQUIREMENTS CONTAINED IN
ORDER NO. 95-032 TO REFLECT NEW FACILITY OWNERSHIP FOR:**

**STEVE HUMPHREY, DBA BAY AREA SOIL
CHILD ENTERPRISES INC.
SOIL REMEDIATION FACILITY
2717 GOODRICK AVE.
RICHMOND, CONTRA COSTA COUNTY**

The California Regional Water Quality Control Board, San Francisco Bay Region
(hereinafter called the Board), finds:

1. **Regional Board Orders:** On February 15, 1995 the Board issued Order No. 95-032, adopting Waste Discharge Requirements for the Remedial Environmental Marketing Company Inc. (REMCO). REMCO operated a facility which thermally treats petroleum contaminated soils on a 5.5 acre site located at 2717 Goodrick Avenue, Richmond.

Order 95-032 placed restrictions on the types of wastes acceptable for treatment at this facility. The Order specified monitoring requirements for incoming and treated soils and groundwater, and requested the submission of various reports. Provision C.16 of Order 95-032 states that in the event of any change in control or ownership of this facility, that the succeeding owner or operator must apply in writing to the Executive Officer, requesting transfer of this Order.
2. **Reason for Amendment:** On September 11, 1996, the Board was informed that the ownership of the soil treatment facility was transferred to the Public Environmental Solutions Group, a sole proprietorship owned by Steve Humphrey and doing business as Bay Area Soil. The purpose of this Order is to amend the Waste Discharge Requirements contained in Order No. 95-032, to account for this change in ownership, as well as to add the property owner, namely Child Enterprises Inc., as a discharger.
3. **CEQA:** This is an existing facility. Therefore, this action is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Section 15301, Title 14 of the California Code of Regulations.
4. **Notification:** The Board has notified the discharger and interested agencies and persons of its intent to amend the Waste Discharge Requirements, and has

provided them with an opportunity for a public hearing and an opportunity to submit their written views and recommendations.

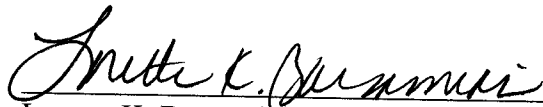

5. **Public Hearing:** The Board, in a public meeting, heard and considered all comments pertaining to this amendment of Waste Discharge Requirements.

IT IS HEREBY ORDERED that Order No. 95-032 shall be amended as follows:

1. Steve Humphrey (dba Bay Area Soil) and Child Enterprises Inc. are added as dischargers to the Order.
2. Finding 3. is amended to read as follows:

"Steve Humphrey, sole proprietor of Public Environmental Solutions Group and doing business as Bay Area Soil, operated a contaminated soil remediation facility on 5.5 acres located at 2717 Goodrick Avenue, Richmond, Contra Costa County, California. The site is further identified by Contra Costa County Assessor's Parcel Number (APN) 408-090-032. The parcel is owned by Child Enterprises Inc. Steve Humphrey and Child Enterprises Inc. are hereby named as dischargers."
3. The dischargers are responsible for the treatment of all contaminated soils on the Goodrick Ave. property to the standards specified in Order No. 95-032, and/or the proper disposal of these soils.

I, Loretta K. Barsamian, Executive Officer, do hereby certify that the foregoing is a full, complete, and correct copy of an Order adopted by the California Regional Water Quality Control Board, San Francisco Bay Region on May 25, 1999.

Loretta K. Barsamian
Executive Officer
